Remembrance Village is a living community for 83 seniors who require high or low residential care. The living spaces include wide halls, handrails and nurse centres. Residents live in single rooms and share community rooms for planned activities, socials and dining. Meals are prepared on an individual dietary basis. Our residential aged care services provide assistance with daily activities. Specialist dementia care accommodation gives residents the best quality life in a safe and supportive environment. A personalised activities program is also available to all residents.
