to life.
For the Not-So-Retiring

Welcome to your new home. You have arrived at Tobruk Village

Surrounded by trees and manicured gardens, Tobruk feels like a country retreat, jump in the car and you’re only minutes away from the metropolis of Liverpool.

When you live at Tobruk Village, you will live in a friendly community where there are activities that invigorate your body, mind and spirit – and distinctive services that touch your heart.

The Village offers a lifestyle based on security and peace of mind with 24 hour onsite emergency call.

Tobruk is a community perfectly suited to your vibrant lifestyle. And one that offers the peace of mind should you need care-in-the-home. LifeCare At Home is right there and if the time comes that you need a little extra help with the activities of daily living, it is reassuring to know that our new nursing home, John Edmondson VC Gardens, is scheduled to open in 2013.

From our Residents...

Doug and Caroline are looking forward to moving into Tobruk Village.

“We wanted to live somewhere near Liverpool that offered convenience, privacy, beautiful gardens and the friendly feeling of neighbours and community. We are looking forward to having our grandchildren come to stay with us and to joining in the social activities within the Villages.”
John Edmondson VC Gardens

John Edmondson VC Gardens is a brand new living community for 64 residents who seek residential care (low care and high care). Our luxury accommodation includes private rooms with ensuites within an elegant, comfortable and secure environment with a hotel-like ambience. The home boasts spacious, sun-drenched terraces and gardens, two beautiful bright and spacious internal courtyards as well as delightful aviaries and aquariums which can be viewed from the dining and lounge area.

The type and amount of care a person receives is dependent on what is needed to maintain his or her ’normal’ lifestyle and includes assistance with basic activities of daily living (eating, bathing and grooming, toilet help, dressing, transport, etc) in which a resident may require help or supervision. Skilled Care is provided for those who need medical or nursing care or rehabilitative services for the rehabilitation of injured, disabled or sick persons.

All our residential aged care services provide assistance with daily activities. Specialist dementia care accommodation gives residents the best quality life in a safe and supportive environment. A personalised activities program is also available to all residents.
Our History

RSL LifeCare is a charitable organisation that was formed in 1911 to provide care and service to war veterans. Services were initially provided at Bare Island, Botany Bay, until moving to Narrabeen in 1939. From small beginnings providing care and service to just a handful of war veterans, the organisation has grown to be one of the largest senior living services in Australia.

Caring for 7,500 people across Retirement Living, Home Care, Assisted Living, Dementia and Nursing Homes, we have developed an extensive range of services that fosters independence and provides social, clinical, emotional and spiritual support.

Despite our growth and the passage of time, RSL LifeCare remains true to its original aim and mission – to provide a home of peace and security to senior Australians.
